

# The Foundation Of God Standeth Sure

## I. Introduction:

A. As times appear to get worse and worse, as was the case even in the first century (**II Timothy 3:13**), it can be easy to fear what will become of God's people.

1. What about the feeling Elijah had (**I Kings 19:10**)?
2. What about the days of Micah (**Micah 7:1-7**)?

B. When fears arise, trust becomes important (**Psalms 56:3**).

1. If I trust in God as an obedient believer, I know I am not on the losing side (**Romans 8:35-39** and **I Corinthians 15:50-57**).
2. If I trust in God as an obedient believer, I know however bleak things may seem (i.e. **Luke 18:8**), I must not waver (**Hebrews 10:23**).

## II. Body: **II Timothy 2:14-19**

A. Let's think about the foundation (**I Corinthians 3:11** and **Ephesians 2:20-22**).

1. Death could not stop Jesus from establishing the church (**Matthew 16:13-18**).
2. Death could not stop Jesus from being Lord (**Romans 14:9**).
3. Death will be stopped by Jesus as He is our foundation (**I Corinthians 15:16-26**).

B. The church, in the sense of the whole; the kingdom (**Hebrews 12:22-23**), will never be moved (**Hebrews 12:28-29**).

1. Even after this present world ends (**II Peter 3:10-14**), the kingdom is everlasting (**II Peter 1:11**).
2. Such is the inheritance of the faithful (**Matthew 25:31-34**).
3. Such is why our citizenship [conversation; KJV] is in heaven (**Philippians 3:20-21**).

C. The remnant principle (**Romans 11:1-5**).

1. During heavy times of past apostasies, we see there was a remnant (**Isaiah 1:1-9**).
2. The remnant is not supposed to just sit and wait (**Isaiah 37:31-32**).
3. Noah did not count being among the few as a disadvantage. His faith moved him (**Hebrews 11:7**).

III. Conclusion: We need to be like Abraham. Knowing who the builder is, we must trust the sure foundation enough to move with unwavering faith (**Hebrews 11:8-10**).
